

**Lord**, you made us part of your creation but we are, by the way we live and the pollution we cause, destroying the world you gave to us.

Those who do least to cause climate change are unjustly suffering the most as a result. Many people, especially those in poorer parts of the world, are without water, cannot produce food and are forced to leave their homes and countries.

**I promise** to take greater care of my environment in my home, school and community. I promise to make better choices about the way I live because I know that my actions and choices affect the world and the lives of others, especially those living far away and those yet to be born.

I place my thumbprint here as a sign of this promise and I ask you to help me to put it into action in my life and in the example that I give to others.

*Amen*

## ACTIONS FOR CLIMATE JUSTICE

### FROM TODAY I WILL:

- Turn off lights when I leave a room
- Switch off and unplug TV's, chargers, tablets etc.
- Save water by not running the tap and taking shorter showers
- Recycle clothes, paper and electronics
- Avoid using plastics, especially bottles and bags
- Use public transport
- Actively engage in lobbying and campaigning to protect creation.
- Encourage my family and friends to do all of the above

*“Let us become  
agents of his mercy, channels  
through which God can water the  
earth and protect all creation.”*  
Pope Francis
